

Nuclear Logistics Purchases a 203,822 Square Foot Building in Fort Worth TX

October 2009

DALLAS/FORT WORTH, TEXAS – Nuclear Logistics purchased 7410 Pebble Drive Fort Worth TX to accommodate its relocation and expansion in the DFW metro area. Nuclear purchased 203,822 SF at Riverbend Tech Center from Klabzuba Oil & Gas, Inc. Nuclear Logistics outgrew its Richland Hills location and will use this move to improve its service offerings and positions the firm for expanded business opportunities in the years ahead. Nuclear Logistics was represented by Senior Vice President and Managing Partner Todd Lambeth of Bradford Commercial Realty Corp. “After an extensive search, Pebble Dr was selected because of its proximity to Nuclear Logistics employee base. The stand along building provides for future growth and has an outstanding corporate image.” said Todd Lambeth.

7410 Pebble – Fort Worth, TX

Senior Vice President
Managing Partner

Riverbend Tech Center is located on the east side of Fort Worth and is located at the corner of South Loop 820 and Hwy 121. The ease of travel in and out of the park for clients and executives was also a determining factor.

Nuclear Logistics Incorporated is a full-service company that offers safety related equipment and equipment maintenance to the nuclear industry. They are the world's largest third party supplier of safety related equipment for the nuclear industry. Established in 1991, NLI has grown to over 130 employees and has recently been recognized as one of the fastest growing companies in the North Texas Region.
