

Investment Management Services

We value relationships.

Bradford Companies provides for a comprehensive underwriting and asset valuation strategy for each investment opportunity.

Performance driven:

- Singular focus investment process
- State of the art software tools
- Market and product driven teams
- Acquisition and disposition capabilities

Acquisition deal flow:

Bradford has delivered year to year over \$250,000,000 in investment alternatives to the firm, its client base and partners.

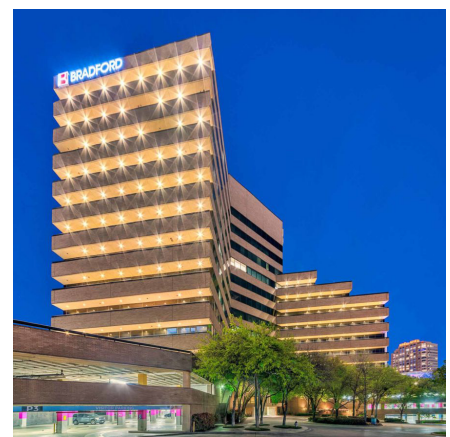

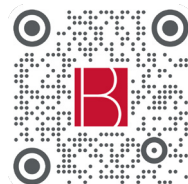

Performance driven:

- Inherent market knowledge
- Internet-based information system
- \$1.0 billion sales history

We sweat the small stuff:

The devil is in the details as property acquisition and exit strategies are executed. Performance-driven, Bradford transitions over 3,000,000 sf of relationship assignments annually.
